OUR PHILOSOPHY

We are Horizon Point. We are Workplace Innovators.

We help organizations and communities build a workplace and workforce of and for the future. We can help you hire, grow, and lead.

“Horizon Point Consulting’s team has become an instrumental partner in the success of our organization. Through performing a thorough analysis of our leadership team, they developed and supported the implementation of a customized strategic plan, which has resulted in tremendous talent growth and maturity within our leadership. Based on our previous experiences, their passion, expertise, and commitment to successful talent growth has been unmatched. They have truly become an asset to our team. I would highly recommend allowing Horizon Point Consulting assist you in your talent management needs.”

Willie LaFavor

Company President, Contractor Services and Fabrication Company

“Horizon Point assisted our company with pre-employment screening and interview process for high turnover areas of the plant. After a year of using the process, our turnover decreased by 50% + for the year. The process has helped us to find candidates that share our corporate values and have a great work ethic. Horizon Point was easy to work with and very prompt. They always let us know what they needed to complete the next step of the process and were very thorough. I would highly recommend their services to any company out there looking to improve their screening process.”

Amy Smith

HR Leader, Pet Food & Pet Snacks SBA, The J.M. Smucker Company

“We have used Horizon Point Consulting over the last few years to conduct our Annual Industrial Wage Survey. In addition, Horizon Point has helped us conduct and evaluate a survey of area employers regarding their workforce needs. This survey helped the school system make decisions about which high school courses to offer. With every project we have been very pleased with the support we received from Horizon. The quality of the product delivered is excellent and everything has been on time or ahead of schedule. We would recommend Horizon Point to other entities in need of talent management and workforce analysis services.”

Tom Hill

President, Limestone County Economic Development Association

“Horizon Point’s exceptional talent management services have been instrumental to meeting our vision of an innovative and engaged workforce.”
